BOTTOMLESS PIT

cmo015 "*Blood Under The Bridge*" Cd

Release Date: August 10, 2010 (Exportable)

UPC: 6-37051-15002-8

\$12.98 list

"Blood Under the Bridge" is the third record and second full-length by **Bottomless Pit**, a quartet formed in 2005 by erstwhile **Silkworm** members Tim Midgett and Andy Cohen.

Their longtime friends Chris Manfrin (**Seam**) and Brian Orchard (**.22**) complete the quartet.

The album explores the awful and thrilling randomness of fate, with a hard fix on the future.

Affectionate and brusque, languid and bracing - it is nearly peerless modern postpunk.

Praise for the band's first album, "Hammer of the Gods":

"8.3 - As fine a debut as folks could hope for." - **Pitchfork**

"Fiercely intelligent." - **Dusted**

"Album of the year." - **Questionable Content**

"I can't recommend picking up this album enough." - **Built On A Weak Spot**

"Truly transcendent." - **Alternative Press**

"I highly recommend this darkly and dryly spectacular LP." - **The Village Voice**

"It's perfect." - **Flux Rad**

"Reveals new subtleties with every listen." - **Spin**

"Another high-water mark." - **Time Out Chicago**
